the art of public speaking: the original tool for improving public oration

IV: First, the basic artist or scholar outlines his "idea" and then explores it in an essay. He acknowledges his debt to the great master, as does the critic in his review. The critic usually presents his ideas in just a few pages; the artist, in his essay, describes his idea in greater detail. The critic reviews the artist’s work, while the artist reviews the critic's book.

"Knees snap trying?"

"The Art of Public Speaking" has been called "the most widely read book ever written," and its influence on teaching public speaking is incalculable. The book was first published in 1906, and its techniques are still in use today. The book is divided into three parts: The first part covers the preparation of the speaker, the second part covers the presentation of the speech, and the third part covers the evaluation and improvement of the speech. Each part is further divided into sections, each of which focuses on a specific aspect of public speaking. The book is written in a clear and concise style, and it is easy to read and understand. It is also well-organized and easy to follow. The book is an excellent resource for anyone who wants to improve their public speaking skills, and it is highly recommended for anyone who is interested in the field of public speaking.
